CREATE, FIX AND GROW ARE MY HOBBIES.

I LIKE TO CREATE THINGS IN MY WOODSHOP, FIX THINGS IN MY HOUSE AND GROW MY GARDEN AND YARD AFFECTIONATELY CALLED "THE HABITAT".

Functional maturity is our office's specialty.

Healthcare and chiropractic care frustrated me. They were not interested in the speed of recovery.

They do not have a comprehensive focus on long term wellness.

I created the Rapid Recovery Difference which is unique to healthcare.

Getting patients better faster, and teaching them to stay better longer is why I exist.
